competitive rates for Clark County. Regarding the pharmacy strategy, today the pharmacy benefit manager is a company called TrueRX, and they are supplemented with a company called SHARx to assist with high cost brand and specialty medications. A company named Drexia actually has the most competitive analysis that could yield additional savings for Clark County. Commissioner Decker motioned to renew the county health insurance plan with Anthem with no changes to the current plan. Renew the reinsurance plan with Berkeley, again with no changes to the current plan. Change the pharmacy benefit manager from TrueRX and SHARx to Drexia. And also approve the President of the Board of Commissioners to sign all health plan documents when they arrive. Commissioner Coffman seconded. Motion approved 2-0.

- B.** Toni Watterson, President and CEO, presented a Southern Indiana Works Presentation. Southern Indiana Works is a 501(c) 3 nonprofit. They try to convene the talent development ecosystem, and they want to increase the skills of our job seekers to meet the needs of businesses. They have one comprehensive career center that they're mandated to have a brick and mortar. That currently resides in New Albany on State Street. They will be moving that location to the CASI building in Jeffersonville. They are getting ready to launch a youth build program. They partnered with Habitat for Humanity. They'll build four Habitat houses with them. They will also have a mobile career center. It will be able to go on site, so when they have the unfortunate incidents where an employer is going out of business or laying off, they can go out and serve those individuals right there. They are getting ready to launch a restart program, which is again a federal grant to help individuals who have some justice impact in their past get connected with them and get into employment. They also have a grant to help individuals with Medicaid work requirements. His big ask is that they let their constituents know about them. Their website is www.soinworks.com. Please direct anyone looking for employment to visit their site.

- C.** Ryan Lynch, Clark County Clerk, presented a Service Provider Agreement for the Clerk's Office. He's here today to request approval for a new payment processing agreement with the company Deluxe. They are trying to look at ways of saving money for Clark County. With them, they were able

to negotiate a rate down from their existing three percent convenience fee to a 2.35 percent convenience fee. That's a reduction of almost 22 percent. Based on their 2025 transactions, if they would've had this rate, they would have saved around \$2,000.00 for people that utilize their office.
